- **Brief about your talent:** *Mehndi is a form of **body art** originating from the **Indian subcontinent**, in which decorative designs are created on a person's body, using a paste, created from the powdered dry leaves of the **henna** plant (**Lawsonia inermis**). Dating back to **ancient India**, mehndi is still a popular form of body art among the women of the Indian subcontinent. I make my own mehndi and cone. I mainly make bridal hands in which I make whole wedding scenes on the hands of bride.*
